

# LoveReading4kids Reader reviews of Timmy Failure: It's the end when I say it's the end

Written by Stephan Pastis

Below are the complete reviews, written by the Lovereading4kids members.

**Julia Motoc, Age 11**

***In this great, humorous and exciting book Timmy Failure goes on an adventure to find his polar bear business partner's brother. Timmy even writes a play and has his first christmas with his dad.***

*Timmy Failure: It's the end when I say it's the end is a phenomenal book and I really enjoyed reading it. This book is comedy based and includes some very humorous characters such as: Rollo, Timmy's best friend and Tom John John, the buffoonish movie director. Also, Timmy is a self proclaimed detective and has been on many missions. And I can't forget to mention: Total, Timmy's rather large, polar bear, business partner who happens to be looking for his long lost brother.*

**Mark and Charlotte Dunn, age 8 and 11**

***The last and the best! Timmy Failure is just as funny, just as deluded and just as hopeless as he has ever been. He is determined and confident in whatever he does and just makes us smile and laugh!***

*This is his last adventure in the series and in reading every one of his books we now love Timmy Failure. He keeps on believing in himself and his abilities as a detective despite being really bad at it and so he always makes us laugh.*

*You can read the book in a really short time as it is written like a cartoon which is sad because when it is finished you want to carry on reading and you feel a little lost that it is over. However, Timmy looks super cool as a film producer as he is trying to make a school film about his life before Christmas. Helped by Total, his polar bear, it turns out as you might expect it to but it is a very sweet story too. We love Total and wish we had a polar bear friend. We are also going to adopt Tommy's catch-phrase - greatness never ends! We think children will love this book but be sad when it does end.*

**Rob Anderson, age 8**

***A hilarious book with brilliantly funny illustrations.***

*I had read Timmy Failure Book 1 some time ago. I think it helps to have read some of the other books in this series, so you know all about Timmy and Total, his partner, the polar bear and their detective business. Timmy Failure and his class in this book are going to make a film about his life. I liked the summary of each character's life and what they became at the end credits of their film. Total wants to go back to the Arctic to his brother. The illustrations are very funny. I liked Molly as a chameleon and Timmy, his mum and Dave with their reindeer antlers on their heads. I would recommend this book.*
