I enjoyed this book because it was hilarious - the names of the witches, where they lived and the competition that they have for the Witch Wars. What would you do with a shrivelled head?

Information on witches really occurred in this book. I've learned a lot about witches: they live in the sink pipes and good, evil and just plain vain witches come in at nearly every point in the story especially funny ones like the bald witch. 'Witch Wars' is a book to really laugh at.

'Witch Wars' is a brilliant book about a girl called Tiga who meets a fabulous fairy called Fran who takes Tiga down the sink pipes to a place called Ritzy City where she takes part in Witch Wars. Tiga makes new friends in Ritzy City and has a great adventure along the way solving all the clues. I really enjoyed this book and hope there is more of them in the future.

I would recommend this book for anyone from 8+. It is a lovely read.

An extremely exciting fun story.

I loved the little fairies and witches in this fun adventure story. The main character Tiga is taken down the pipes into Ritzy City where the fun never ends. I couldn't put this book down and will recommend it to all my friends.

Tiga Whicabim knows nothing about being a witch, she doesn't even know she is one! And now someone mysterious has entered her in a witch contest....

Tiga Whicabim knows nothing about being a witch, she doesn't even know she is one! And now someone mysterious has entered her in a witch contest....

*Together with her new friend Peggy and a crazy fairy called Fran she discovers the world of the witches in Sinkville. They go on a quest to win witch wars and to find out which mysterious person as entered Tiga into witch wars. Whoever wins the contest gets to make the rules in Ritzy City. But if she doesn't win then Tiga needs to go back to the world above the pipes.... **Brilliantly written book and fab drawings.***

I thought I would really love this book. I like witches and magic but I didn't really love it. I just thought it was ok.

*I liked that there was a magic world through the sink pipes and that Tiga got away from her rubbish life and got to go there but **I didn't really love all the fashion and dresses and shoes and stuff. I thought that was a bit boring. But my mum says that is because I'm a tomboy so other girls might like it.***

I liked the Witch Wars but I did think they could have been a bit more exciting. One of my favorite magic bits was when they could watch TV on things and they watched it on the back of a witch's bald head. That was funny.

I liked Peggy Pigwiggle the best because she was clumsy and a bit scruffy with funny hair and that's a bit like me but she was also really kind.

Isabella Fitz-costa, age 8

I enjoyed this book because it is interesting; it had lots of adventures through the book. In 'Witch Wars' the chapter 'Pearl Peak' is my favorite part because Peggy made her shoe into shoe house so Peggy, Tiga and Fran {the fairy} can sleep in for the night in Witch Wars!

*My favorite carters are Peggy and Tiga. **The illustrations are outstanding** because Laura put lots of detail in the drawings so it will go with the text. **I loved this book so much that I would like to read the next book in the series!!!***

Keeley Spooner, age 10

Some bits in Witch Wars let me down because there was a small bit of anger in the book.

I enjoyed this book because the book made me feel like I was in the story and gave me some energy to read on. I think you should make more of these books because you would get lots of likes back.

Ella Meredith, age 8

This book is about a girl called Tiger who become a witch. I would give it 5 stars.

A girl called Tiger becomes a witch. My favourite part was when Tiger returned to Ritzy City. 5 stars!

Lexie Partleton, age 8 - Lewisham Primary School

The craziest, funniest book I've ever read!

'Witch Wars' is a crazy book full of the funniest evil people fighting wars!

I liked this book because it is so funny and it encourages people to help each other. My favourite character is Tiga because of her courage and when she lets Peggy win. She wears a hat and a spotty dress. I like her because she is kind.

The story is set in Ritzy City, Sinkville and at the docks. My favourite part was when Peggy said she would come back for Tiga. I would definitely read another book by this author because it was so funny! I want to read the next one which is coming out in October 2015! I give this book 5 stars out of 5. I would

recommend it to people who like funny books (like my friend Jack!).

Millie Barrett - age 8

I loved this book! It is exciting because you never know who is going to win Witch Wars or who is going to be out in the next round.

'Witch Wars' is a fantasy, adventure story. It is full of excitement and fun!

It is set in Sinkville, which is a land under the sink pipes all over the world. It rains newspaper there!!! There is a place called Ritzy City, where most of the witches live.

My favourite part was when Tiga and Peggy are in the lead for the Witch Wars. It feels great to think that they might rule Sinkville if they win!

Peggy is my favourite character because she is kind and makes friends easily. She is also cheeky and funny. Peggy is a good witch. She has frizzy hair, wears glasses and has a beautiful dress. She is mischievous and stand up for herself and has lots of fun. I like her because she is a good person, helps other people and makes me laugh by the things she does.

There are a few drawings, which are very detailed and imaginative.

I would definitely read another book by the same author because I love the style of writing.

I give this book 5 stars out of 5. I would recommend it to girls aged between 8 - 12. They would like reading humorous book, maybe Jeremy Strong and Jacqueline Wilson.
