James McNichol, age 6

A wonderful story about a badger named Pete who is obsessed with tidying up.

Pete finds out it's great to tidy up but if you do it too much bad things can happen.

The book shows children how our actions can affect the world around us and I think that it would be a good resource for schools to use.

The story is fabulous and the physical book itself is beautiful.

Joseph Cross, age 4

'Tidy' made us laugh and made us think about our wonderful messy planet!

"Tidy up your toys!" Isn't that what mums and dads are always telling kids to do? Pete the badger is completely bonkers about cleaning but gets a bit carried away when the autumn leaves start to fall. Luckily his friends are there to help him out and put the forest back just as it was. Now kids everywhere have the perfect excuse not to tidy up!

We loved this book. The characters were very funny and the beautiful pictures

really helped bring the forest to life. A very enjoyable story with a serious message about helping to keep the wild bits of our world wild. Definitely a book worth reading again and again.

Eloise Thomas, age 5

Brilliant book about a lovely badger who gets it wrong!

*I liked it when Pete the badger brushed the fox with the hedgehog and when he cleaned the owl. I think that Pete is a lovely badger but he gets it wrong. **I thought that this book was brilliant!***

George Haine, age 3

It's good and nice and beautiful. *Pete is funny with the brush behind his tail. He's going to brush the fox again but not with a hedgehog. **I like it.***
